Dear Brother Young:

Your encouraging letter received today is deeply appreciated. I am aware to some extent of the unusual demands made of you and of the burden created by your responsibilities. Your kindness and thoughtfulness will be remembered.

We do have a long range program before us here in Cookeville. The movement is not only physical and financial but also psychological and spiritual. We are on the brink of some of the most significant work in this part of our state. Only the Lord and the future will show whether we have been successful.

I am also involved in teaching History and completing my M.A. in History. at Tennessee Tech here in Cookeville. The possibility of working in California is one that I will hold in my mind.

The 20th Century Christian and Power for Today are valuable keys to the spiritual maturity of many of our members. Our profound concern and best wishes are sent to you and Pepperdine College.

Fraternally yours,

John Allen Chalk

I deeply appreciate the recommendation at Lompoc. I have written to the brethren describing the responsibility that I have assumed here. I am deeply interested in the doctrine of religion program at Clairmont. Any information you can pass on about it will be appreciated.
